

Printing Industries Alliance Invites you to join us for

Member Networking Event

Cocktails & Connections

This networking/business gathering, developed at the request of members, offers a casual, congenial forum for conversation among local industry leaders. The event will start with a guided tour of "Heat Waves in a Swamp: The Paintings of Charles Burchfield" (the largest and most comprehensive exhibit of art by Charles Burchfield), and finish with wine, beer, and great hors d'oeuvres catered by Oliver's.

The "Heat Waves" exhibit contains over eighty major watercolors, drawings and oil paintings. Charles Burchfield moved to Buffalo in 1921 and

started painting in a studio he built at his home, while working as a wallpaper designer at M. H. Birge and Sons.

So get a little culture and then mingle with your friends in the industry. If you can't make it by 5:00, you are welcome to come when you can, join the party and peruse the exhibit at your leisure.

A great chance to meet other owners and top managers. You never know who you will meet . . . and how they could benefit your business.
