

We've opened the road for greater savings

Printing Industries Alliance has selected Marathon Solutions, Inc. as your associations endorsed credit card processing program. At Marathon, we are honored to be your payment processing partner. We are excited to serve as your advocate and assist with all of your merchant processing needs. Our consultative approach focuses on you and your unique processing needs.

Your new member benefit is **designed to save you 20% - 40% off existing credit card processing fees!** In addition to the ROI for your membership dues, this exclusive member program provides you with personalized merchant support and enhanced credit card processing solutions.

Wholesale Credit Card Processing Rates

Your association membership entitles you to receive negotiated processing rates. Members should expect to save 20% - 40% off existing credit card processing fees.

Marathon will provide members with a free, no obligation consultative savings analysis. We will provide a detailed line-by-line comparison that is easy to understand and illustrates exactly how you will save money with Marathon.

You're Not Just a Merchant Number

Marathon does business on a first name basis, not by merchant numbers. We don't believe that outsourced merchant support or the industry standard call center is how business should be done. As part of your membership benefit, you will have access to our unique agent based support model. This model ensures that you will have the same dedicated account manager for all of your credit card processing needs.

Complimentary Processing Gateway

Association members will have access to our processing gateway. Just a few of our enhanced features include: Level III processing to further reduce processing fees, secure rolodex for efficient processing and the ability to e-mail receipts directly to your customers.

Merchant Advocacy

It's difficult to adhere to all of the ever-changing requirements needed to receive the lowest rates. Most merchants are penalized with incidental fees, non-qualified fees and surcharges. Marathon will take the time to educate you and serve as your advocate as it relates to receiving the lowest processing rates available.

Contact Danny Haggerty today at 877-948-9733 ext 254
for a guaranteed free confidential savings analysis.

Fax your recent MC/Visa merchant statement to 913-953-5353.

He will provide you with a line-by-line comparison to see where you could reduce your fees.
